TOWN OF HARVARD REQUEST FOR PROPOSALS

Operation and Maintenance of Wastewater Treatment Facility

The Town of Harvard is seeking proposals for services for the operation and maintenance of a Wastewater Treatment Facility and three pumping stations which deliver the facility's flow. Operation coverage is necessary for up to three (3) hours per day, Monday through Friday, with additional coverage available as described in the RFP. The contractor will manage, operate, and maintain the project, as defined in the RFP, so that effluent discharge from the project meets the requirements specified by the facility's MADEP Groundwater Discharge Permit.

A non-mandatory pre-bid conference and site walk will be held for this project on Thursday, Oct. 31, 2024, at 9:30 a.m. The Wastewater Treatment Facility is located at approximately 59 Massachusetts Ave., Harvard, MA.

Proposals will be opened on Tuesday, Nov. 12, 2024, at 11 a.m. at the Town Hall, 13 Ayer Road, Harvard. Requests for Proposals can be downloaded from the Tighe & Bond Bidding Website at <https://services.tighebond.com/biddingDocuments/ProjectDetails.aspx?projectid=838>. Questions shall be submitted through the Project's Bidding Website, link above.

Dan Nason
Town Administrator
